Hope:

FYI. Also, I would recommend to you and David Stark that all of these e-mails on the Armstrong Revised Tariff Question be gathered together and be submitted to Daphne for entry into the DMS, as per the Ex Parte Guidelines. They can be copied off and submitted to Daphne, with a sticky note that describes what they address.

Thanks,
 David B.

ORS agrees this is a clerical error only. No objection to Armstrong refiling final revised tariff without the blank pages.

Thank you,

Subject: Docket No. 2020-85-T Revised Tariff

Parties:

The revised tariff in Docket No. 2020-85-T (filed June 12, 2020) has a few defects that I suspect were caused in the printing or transmission of the document. While all the pertinent numbers and information appear to be present, I notice that on scanned page 6, 7, 8, and 9 there are percentages listed on otherwise blank pages. I believe this to be a clerical error only, and would ask that if it is, a corrected amended tariff be filed without the blank pages with percentages.

Thanks and Regards,
